RE: Lincoln Library Board of Trustees

Dear Ms. Newman,

I am writing to apply for appointment to a full term on the Library Board of Trustees. I have had the honor to serve in that capacity for the last four years and I would like to use the knowledge and experience that I have gained to serve in that capacity for a full term.

Serving on the library board combines two of my biggest interests in life, my interest in public service and my love of reading and books. I am proud of what the library system has accomplished in the last four years. While my role has been no greater than other board members, I have served on and led committees, attended meetings, participated in discussions, and have tried to provide leadership with some difficult issues the board has dealt with over the last four years.

The next seven years will be challenging for the library system. We have set high standards for service and efficiency and need to strive to continue to make improvements. There are challenges connected with continuing to build public support and to maintain our collections while making technological improvements during a time when the city budget remains strained. I am eager to remain on the board and continue working with the board members and library staff for whom I have the highest respect based upon my past service on the board.

I would welcome the city council acting to reappoint me to the Board of Trustees. Thank you for your consideration.

Sincerely,

Jeff Kirkpatrick
